

Your health is a priority for Sonsray. That's why we've invested in Garner Health, an innovative new benefit that pairs with our existing health insurance plan.

Garner is a game changer because it identifies the top 20% of doctors in our network and **reimburses up to \$5,000/\$7,800 of your out-of-pocket medical costs** when you see them. When you see Top Providers, you can get reimbursed for office visits, X-rays, imaging, surgeries and other procedures covered by our health plan.

**To receive your Garner benefit, you must first [create your free account](#).**

Next, add Top Providers to your list of approved providers **before** your appointment so their costs will qualify for reimbursement. I encourage you to do this today. Spend a few minutes now so you won't miss out on future reimbursements.

You can learn more about how Garner works by visiting your [Garner Guide](#).

If you have questions or need help, Garner provides Sonsray employees with a personal Concierge to help you create your account, find the best care and answer questions about your benefit. Message the Concierge through the Garner Health app, by visiting [app.getgarner.com](http://app.getgarner.com) or by emailing [concierge@getgarner.com](mailto:concierge@getgarner.com). The Concierge is available Monday – Friday, 8 a.m. to 8 p.m. ET. Se habla español.
